Core Concepts: Object-Oriented Programming (OOP), Algorithms & Data Structures, Networking & Routing, Chatbot Development & AI Integration, Git Version Control

Soft Skills: Teamwork, Multitasking, Communication, Problem-Solving, Analytical & Critical Thinking

WORK EXPERIENCE

Part-Time Computer Science Teacher *Dec 2023 – Present*

Jinnah Grammar School, Karachi

- Delivered lessons on basic programming and computer fundamentals.
- Mentored students through hands-on coding projects to enhance logic-building and creativity.
- Collaborated with staff to improve digital learning tools and student engagement.

IT Support Intern *Jul 2025 – Aug 2025*

Talented Dev, Karachi

- Configured and troubleshot client email accounts, including MX record setup and email client integration.
- Managed hosting environments and DNS configurations to ensure uninterrupted client website accessibility.
- Handled ongoing website maintenance and support, resolving technical issues in coordination with the development team.
- Provided technical support to clients, diagnosing and resolving client-reported technical issues.

FEATURED TECHNICAL PROJECTS

- Pills Reminder App (React Native): Built a medication reminder app with scheduling, notifications, and dose history features.
- Hospital Management System (AI Project): Designed a Chatbot interface for appointment scheduling and patient queries.
- Student Management System (Java): Developed a role-based desktop application with user authentication and fee management.
- Library Management System (MySQL): Implemented a relational database with 8+ connected tables.
- Student Management Website (Laravel & Bootstrap): Developed a responsive web application with CRUD and registration features.
- Dictionary App & Calendar Program (C): Created a console-based CRUD dictionary and a user-interactive calendar generating full-year views.
- Scrape It – Smart Scrap Auction & Recycling System (React.js & Node.js): Built a full-stack platform for buying, selling, and auctioning scrap materials with bidding, role-based dashboards, chatbot, notifications, payment integration, admin analytics, map/location services, and camera-based image uploads.

EDUCATION & CERTIFICATIONS

BS Computer Science *2022 – 2026*

SZABIST University, Karachi

Intermediate (Pre-Engineering) *2020 – 2022*

TCF College Qayumabad, Karachi

Matriculation (Science) *2019 – 2020*

TCF School

LANGUAGES & ADDITIONAL INFORMATION

Languages: Urdu (Native), English (Professional Proficiency)

Availability: Open to full-time and internship opportunities in software development and related fields.
